Sir *Patrick Dunn*, Kt. and Dr. *Cumming*, Physicians, Mr. *Richard Thomas*, Chaplain, and Mr. *Thomas Proby*, Master-Surgeon, in behalf of themselves and other Surgeons, Apothecaries and Clerks employed in the Fixt and Moving Hospitals for the Sick and Wounded, during the late War in *Ireland*.

That in the Year 1689, there was an Establishment for Hospitals to attend the Sick and Wounded, during the War in *Ireland*.

That they were employed, according to their several Stations, in the said Hospitals, till the Reduction of that Kingdom; during all which time they gave their constant Attendance in their several Places, and Discharged themselves therein with all Diligence and Integrity.

That upon Stating their Accounts, by Commissioners thereunto appointed by their late Majesties of glorious Memory, they received Certificates for their several Arrears, which amounted in the whole to near 2000 *l.* as by the same (ready to be produced) may appear.

That in the Year 1703, they apply'd to the late Commissioners, appointed by Act of Parliament, to State and Determine the Debts due to the Army, in order to have their Accounts stated, and receive Certificates for Debentures, for what should appear due to them, but could not obtain the same, the said Commissioners being of Opinion their Authority was not sufficient to relieve them.

That in the Sessions in 1705, they petitioned the Honourable House, setting forth the Premises.

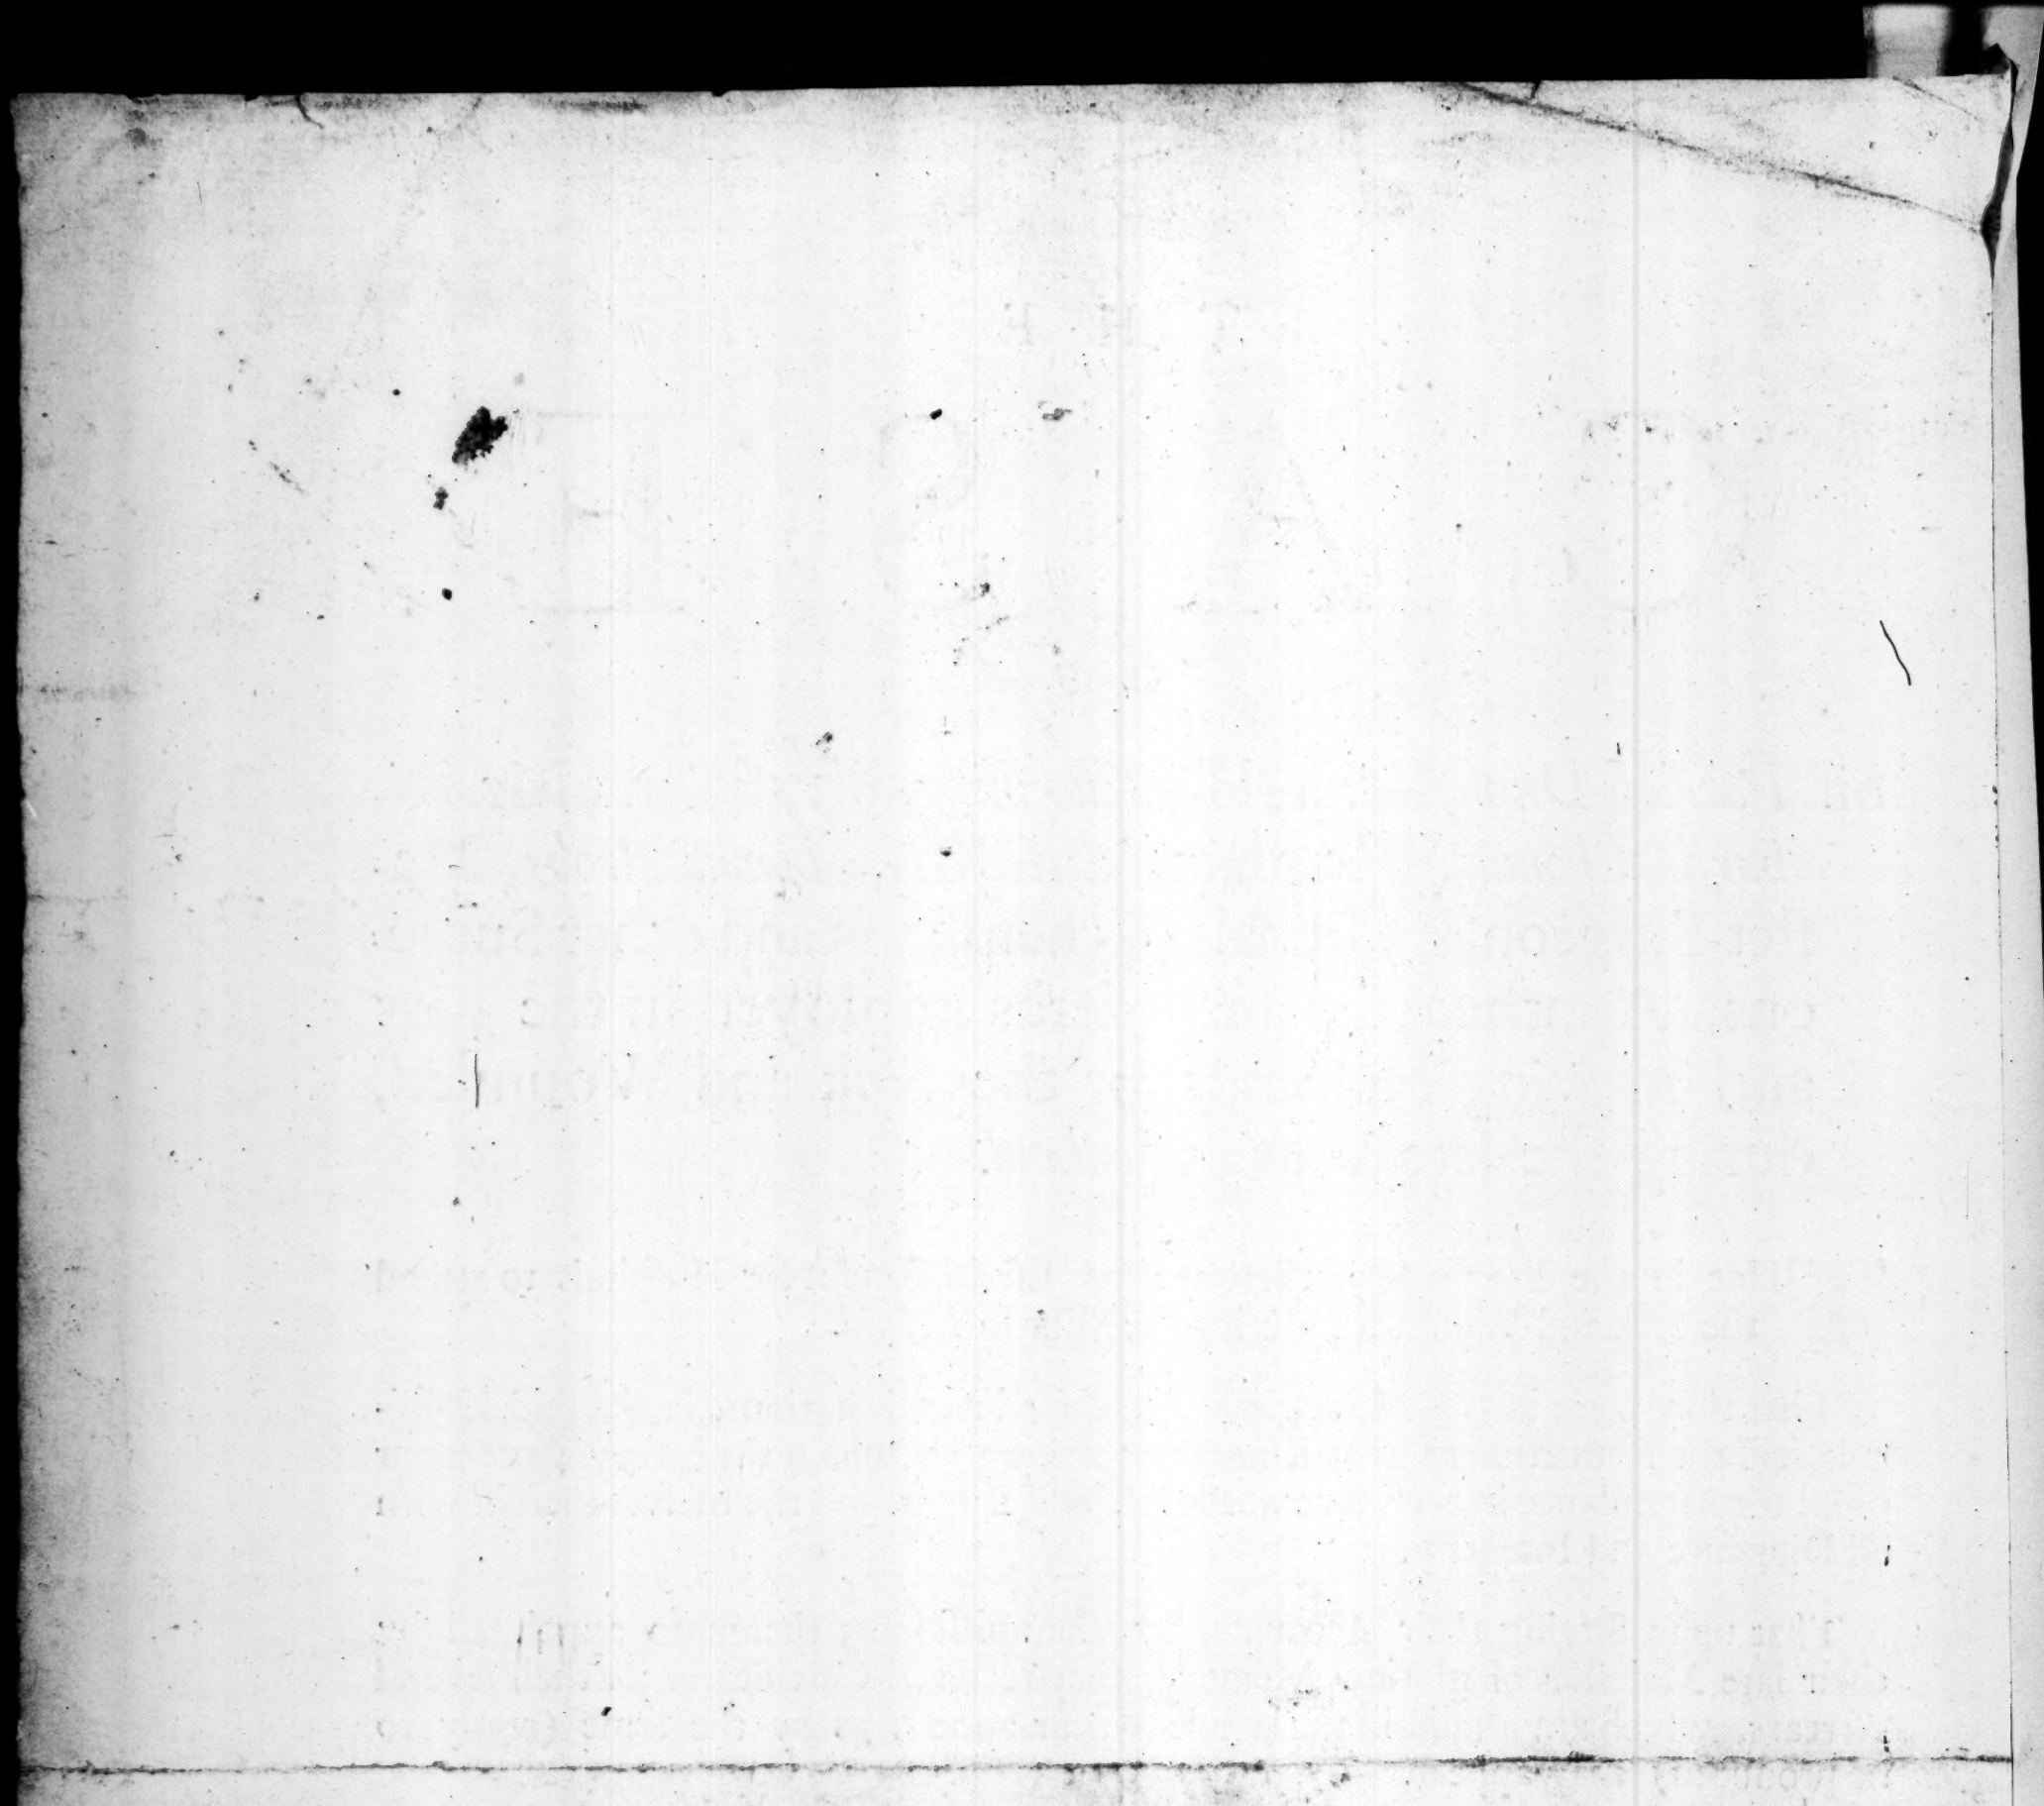

Whereupon the House then referred the said Petition to a Committee, to Examine the Allegations of the same, and State the Matter of Fact to the House.

That the said Committee, after Mature Deliberation, reported, That the Petitioners had fully proved all the Allegations in the said Petition; but the Session being very near at an end, nothing more was done therein.

That several of them are, by the want of their Pay, reduced to great Extremities, and must continue so distressed, unless your Honours will be pleased, in your great Justice, to give them Relief.

That (as they humbly conceive) they are the only Persons who were employed in the *English* Establishments, in the War of *Ireland*, that remain unsatisfied for their Services.

Therefore they humbly hope, That your Honours will be pleased to take their Case into Consideration, and afford them such Relief as to your Honours great Wisdom and Justice shall seem meet, they having faithfully served the Publick in their several Stations, and are remediless elsewhere.
